

MESSAGE FROM MARSHA
House District 19, State Representative

MERRY CHRISTMAS AND HAPPY HOLIDAYS

It has been an honor to be your representative for 2007, and I look forward to the 2008 session that begins on January 9th, 2008. Thank you for allowing me into your homes and businesses on a weekly basis, to share ideas and issues that are important to you, the citizens of our district.

As your freshman legislator and policymaker I have committed to protecting your constitutional rights, property rights, water rights, and your pocket books. I stand committed to these values and fundamental ideals that are important to the citizens of House District 19, and will continue to work closely with all of the stakeholders and legislators in the upcoming session on these items as well as military benefits for our soldiers and their

families; enhancing the property tax exemption for our seniors and disabled military, and doing my part to ensure a healthy economy.

I offer a sincere **Merry Christmas and Happy Holidays to All**; Our soldiers fighting for our freedoms; our soldiers families for their sacrifices; Our first responders who protect and serve; Our school administrators, teachers and staff for their dedication in teaching our children the necessities of reading, writing and arithmetic; Loving, caring and supportive parents who take an active and influential role in their children's lives; Community leaders who keep our cities, counties and municipalities running in order to provide the necessary services for the citizens; Our seniors who made sacrifices for our modern day lives, Employers who offer jobs and prosperity to many in our district; Farmers and ranchers who keep food and drink on our tables. I thank **ALL** of the people responsible for our modern day luxuries and necessities!

Christmas is a time for children and cheer, and most importantly a time to honor Jesus Christ. Please join me in hoping and praying for a joyous and peaceful Christmas for all!

I thank the newspapers for printing my columns over the last year and am hopeful that they have been helpful and informative. Many sources for the articles are used; internet, brochures, interviews and telephone calls. In the article labeled "Toll Road Tyranny", the footnote of the source for some of the information was accidentally cut off, and I apologize for any misrepresentation that may have occurred due to this oversight. The information for the first portion of the column was from the National Center for Constitutional Studies at www.xmission.com/~nccs/articles/ril22.htm. This website is a source for information regarding the history of the U.S. Constitution.

Thank you for the privilege of serving you, Merry Christmas and Happy Holidays! Please feel free contact me at MarshaLooper@gmail.com for information.
