

MESSAGE FROM MARSHA

HALF-WAY MARK...

The Sixty–Seventh session of the Colorado General Assembly has reached its half-way mark! I continue to work tirelessly on your behalf and would like to report the status of the legislation I am sponsoring. Issues and concerns brought to me this year by HD19 residents included: jobs, waste tires, agriculture, military, Medicaid and efficient use of tax dollars. As your State Representative and your voice at the legislature, the bills below reflect my response to these important challenges and the current status of my efforts:

- ✓ HB10-1175 License by Endorsement, Competency and Continuing Education Passed
- ✓ HB10-1128 Repeals redundant programs in the Dept. of Regulatory Agency Passed
- ✓ HB10-1049 Motor Vehicle Dealer Franchise Protections Passed
- ✓ SB10-034 Colorado Dept. of Agriculture Pesticide Act Passed
- ✓ SJR10-005 Honoring Canada and Colorado's Defense & Agriculture Passed
- ✓ HJR10-1005 Honoring Fort Carson's Wounded Warriors Passed
- ✓ HB10-1104 Veterans Treatment Court Senate
- ✓ HB10-1018 Reduce Waste Tire Stock Piles House
- ✓ SB10-047 Disposition of Service Member Remains House
- ✓ HB10-1354 Repealing Interim Committees in General Assembly House
- ✓ SB10-002 Simplifying Medicaid Appeals Process Senate
- ✓ SB10-106 Food System Advisory Council Senate

Whether is it ensuring our auto dealerships are not forced to shut down because of political pandering in Washington D.C. (HB1049), ensuring our service members who find themselves in trouble with the law have alternatives to incarceration (HB1104), cleaning up waste tires in Midway (HB1018) or setting up a Medicaid Ombudsman office to help families sort through the red tape of government, this list of legislation will benefit HD19 and all Colorado citizens. Transparency and disclosure are important and I hope this information is useful and demonstrates my commitment to the families of HD19.

Marsha Looper

Colorado State Representative (R) HD#19
